

Summer Term 2nd Half. Homework grid.

Bloom's Taxonomy of the Six Thinking Levels Let's Get Moving - linked to the World Cup

Please choose one activity to complete each week in your homework book.

Alongside a weekly task, reading, spellings and times tables must be practised daily please.

Multiple Intelligences	Summer Term 2 nd Half. Homework grid.					
	Knowing	Understanding	Applying	Analysing	creating	Evaluating
Verbal I enjoy reading, writing and speaking	Make a list of foods you need to have a balanced diet and stay fit and healthy. Can you put them into the 5 main food groups?	Write a poster or leaflet about a healthy food. Include a picture, which food group it belongs to and why it is good for you.	Make up a What am I? quiz about 3 healthy foods.	Write a postcard from Mexico. What is it like there? OR Write a postcard from one of the football stadiums (think about our role play stadium outside). Is it noisy? Are you excited to be watching your team play?		
Mathematical I enjoy working with numbers and science	Find out which fruit is the most popular among your family. Draw a tally chart or pictogram to show the results.		Keep a food diary for a week. Draw up a graph to show which food groups you ate.	Make a 3D model of a football stadium. Can you name the shapes used?	Design your own healthy menu for a cafe. Include prices.	
Visual I enjoy painting, drawing and visualising	Make a collage of healthy foods.	Draw a healthy lunch box.			Design and create your own football kit or sports kit.	Design a poster explaining how to eat well and stay healthy.
Kinaesthetic I enjoy doing hands-on activities		List 5 facts about healthy food and exercise.		Make your own healthy snack for a footballer or sporting person. Post the completed picture on Dojo.		Design a new ball game for you and your friends to play. Include kicking, throwing and bouncing the ball.
